

30HR MENOYOGA® YOGA FOR MENOPAUSE TEACHER TRAINING SCHEDULE

EXAMPLE OF SCHEDULE

AS FEATURED IN

This Menoyoga® Yoga for Menopause training is for anyone interested in the transitional time of perimenopause and menopause and aims to deepen your knowledge of this period and give practical ways to manage the transition into midlife with yoga.

Taught and presented by Sally with talks by expert guest speaker Rachel Boon, a naturopath and herbalist specialising in women's health, this Menoyoga® Yoga for Menopause training focuses on the anatomy and physiology of the perimenopausal and menopausal woman and is particularly helpful for yoga teachers wanting to tailor their offerings in this field, as well as anyone with a sound knowledge and experience of yoga and an interest in the menopause.

You do not have to be a yoga teacher to attend this training; the training is open to all yoga practitioners, regardless of gender, all you need is a foundational understanding of yoga and a keen interest in this subject.

If you are a yoga teacher, this training will enable you to register 30 hours of learning with Yoga Alliance (US) or Yoga Alliance Professionals (UK). These 30 hours are made up of live in-person training hours, studying pre-recorded material and completing coursework.

Exclusive to this training, we have experienced naturopath, herbalist and women's hormonal health specialist Rachel Boon talking about hormonal health and how to support the perimenopausal and menopausal woman in a non-pharmaceutical way. www.rachelboon.co.uk

Please note, for this training you will need to bring: A yoga mat, a yoga belt and 2 x yoga blocks

Day 1

9.00am - Introductions

9.30am - Yoga asana and breathwork for menopause with Sally

11.00am - Rachel Boon (naturopath and herbalist) talks to us about what perimenopause and menopause actually is, the hormonal changes in perimenopause and menopause and how we can manage the symptoms associated with this cycle.
